Assessment of the Scale, Reach, Quality, and Cost
of Service Delivery High Impact Practices for Family Planning
 Readiness Assessment for IPPFP: Provider Questionnaire

INSTRUCTIONS

Obtain written consent from the in-charge to conduct the facility survey and interview their staff who provide immediate postpartum FP. (i.e., counsels mothers on FP before discharge from the facility following a birth). Ensure that you have privacy and administer informed consent again, before starting section II with the provider.

Eligibility Criteria:

- Participant is at least 18 years old
- Provider who has provided FP counseling to a postpartum mother within the last three months
- Participant has consented to participate in this interview

Remember:

- *Ask one question at a time*
- *Do NOT read the response options, unless otherwise instructed.*
- *Circle or record only one response to each question, unless otherwise instructed.*

First, I will ask you a few questions to make sure you are eligible to be part of this study.

Read the following questions to the potential participants and have them respond. If any responses lead to 'STOP', the provider is not eligible to participate. Do not proceed with the survey. Thank the provider for his/her time. Let him/her know that he/she has done nothing wrong.
